

# **The ultimate gift**

Jimmy was nine when his mom told him his little sister was sick.

---

# **Utilizing Case Studies in Your Classroom**

Case studies are a great way to get students to think about real-life situations, and practice making ethical decisions in a safe environment.

---

# **The deep roots of bad habits**

A father asked his young son to help him with some yard work. After they finished, the father asked his son to pull out a tiny plant growing in their yard. The boy took the plant into his small hands and easily pulled it out.

---

# **Teaching trustworthiness**

When others trust you, they believe that you'll do what you say you'll do and keep your promises.

---

# **35 activities to teach respect**

Here are 35 activities students can do to learn the meaning and value of respect. There's one (and a few more) for each day of the month.

---

## **Books to help teach respect**

With thousands of books to choose from, it can be an overwhelming task to find books to help teach character.

---

## **The power of being positive**

A positive attitude can boost your energy, heighten your inner strength, inspire others, and garner the fortitude to meet difficult challenges.
